The Army Acquisition Support Center (ASC), the new Field Operating Agency under the Assistant Secretary of the Army for Acquisition, Logistics and Technology, has revamped its Web site to better serve its customers, and ultimately the soldier. ASC's customers, the entire Army Acquisition, Logistics and Technology workforce (AL&TWF), will notice the striking bronze and green design of the new site, <<http://asc.rdaisa.army.mil>>, which reflects the dynamic face of the AL&TWF and reinforces its support of the warfighter. The new Web site provides user-friendly navigation and encompasses the goals and structures that make up the organization.

"Army acquisition plays a critical role in protecting America and America's fighting forces," said ASC Director Col. Mary Fuller. "ASC is preparing for the future and helping to ensure that those who make the decisions that affect our fighting forces are well equipped with the most technologically advanced resources. We have upgraded our Web site to make it a more useful tool for our customers—both in the office and in the field."

ASC, formed by merging the Army Acquisition Career Management Office with the Army Acquisition Executive Support Agency as well as career programs CP-14 (Contracting) and CP-13/17 (LogPro), presents a new site that features in-depth information about the organization's infrastructure, programs, publications, career information, and events. ASC's workforce operates in a dynamic environment using leading-edge concepts and technologies to ensure that warfighters have the equipment and supplies they need to do their job.
